

Safety Recommendation Number:	IRLD2014015
AAIU Event Reference:	IRL00913037
AAIU Report Number:	2014-005
Date of Publication of Safety Recommendation:	25/11/2014
Safety Recommendation Status:	Implemented, closed

Safety Recommendation:

Cobham Flight Inspection Limited conduct a general review of their flight calibration procedures to ensure that an adequate and timely briefing is provided to ATC prior to conducting calibration flights.

Response:

Cobham advised the AAIU by email dated 02 March 2015 of the following:

We hereby confirm our acceptance of the safety Recommendation IRLD2014015.

"The following actions were carried out:-

1. An Aircrew Information Notice was issued to all crew outlining the requirements.
2. All Pilots and Flight Inspectors have undergone Threat and Error Management training
3. The Pilots Calibration Task Manual (General Procedures Section) has been updated to detail the briefing requirements.

Copies of the amended documents and records are available on request."

AAIU Comment:

Copies of the amended documents and records were provided to the AAIU. The AAIU considers the status of this Safety Recommendation to be one of "Implemented /Closed"
