

Safety Recommendation Number:	IRLD2022006
AAIU Event Reference:	IRL00919027
AAIU Report Number:	2022-006
Date of Publication of Safety Recommendation:	27 May 2022
Safety Recommendation Status:	Partially accepted, closed

Safety Recommendation:

BRM Aero should issue an amendment to the aircraft AOI/POH stating that stowage of items on the parcel shelf is prohibited.

Response:

The Aircraft Manufacturer provided the following response on 30 November 2022:

‘The current flight manuals state baggage limitation to max 1 kg and “NOT TO BE USED FOR HEAVY ITEMS“. It is the pilot's responsibility to check the CG before flight. If the CG is within the limit there is no reason to prohibit the placement of luggage (max 1 kg) e.g. jacket in the rear baggage compartment. If strictly requirement by a CAA/LAA, a warning will be put in the AFM for the UK. However, the AFM/POH for UK is within the responsibility of the BRM UK dealer.’

AAIU Comment:

The AAIU considers the status of this Safety Recommendation as ‘Partially Accepted, Closed’.
